Hair Becomes Popular

That most women are quick to appre-iate anything that will enhance their tructiveness, is shown by the greatly creased demand for liquid silmerine ince its remarkable bair curling prop-ries became known. Truggists every-here report large sales for this prod-ct.

there report targe sales for this product.

Women are enthusiastic over liquid dimerine particularly because it enhalts them to require a curliness which is a beautifully natival in appearance and not have to burn the life out of ne bair with a hot iron. Also they not it a beneficial dressing for the air. The liquid is so agreeable to use congulative gummy not greasy, and it so easy to apply with a clear toothists at night when the hair is down his pretty wavy and curly effect in a morning is most delightful. As it also only a little silmerine to prome the required effect, a few ounces ill had for weeks.

NEN years ago it was necessary for the United States Army to argue men into its ranks.

But, today the Army like every other great university, points with pride to its graduates.

Four million of the nation's choicest young men were entrusted to the Army's care.

MOST of them are back in the ranks of industry today; and every parent in America, every employer, every teacher knows that they are better, abler men for their experience.

They stand straight upon their feet, a symbol of physical fitness.

They have learned how to execute orders, and how to give them.

THERE is, in their characters, a I maturity beyond their years, a vision and a self-confidence that are fundamentals of success.

The months that they gave to the Army were not lost months; the records of the future will show more rapid progress for them because of the qualities which those months developed.

If parents desiring information about the Army will write to the local recruiting station, an officer will call on them and answer any questions.

The Fourteen Arms of the Service

The Recruiting Sergeant can give you the information that will help you decide which branch fits you best. In all of them you will get the fine training as a soldier the United States offers all its men-in many branches you can get highly specialized training.

INFANTRY-The men who have made the name of 'doughboy" feared and respected throughout the world welcome you to the comradeship. Fine fellows-good fun and good training in any school at the post you go to.

CAVALRY-When the horses are champing at the bit and the "yellow legs" mount up and the troop rides forth, there is a thrill that no old cavalryman can ever forget. Horse of your own-a good outdoor life and training for future success. i

FIELD ARTILLERY-"Action Front" comes the command—then watch the boys with the red hat cord snap into it. A happy outfit-with the dash of mounted service added to interesting work that calls for head and hand. Motors if you wish.

CORPS OF ENGINEERS—Army engineering is known the world over for its excellence, and an enlistment in the Engineers can be the start of a young man's training in the various branches of Engineering and in any of the mechanical and building trades.

COAST ARTILLERY-Living on the sea coasts, guarding big cities with big guns, getting time for study and a wide and good technical training, the C. A. C. man is preparing for a useful life and good pay and is having a good time while he's learning. The C. A. C. also mans the mobile big gun regiments throughout the country.

AIR SERVICE (including BALLOON CORPS)-The man who gets the early edge in experience with aeroplanes and balloons has a chance to cash in big on his army training. For flying is only in its infancy and its going to be a profitable business for men with the right experience.

ORDNANCE DEPT.-The ordnance is appealing to the studious young American. To wide opportunities for study, it adds a business as well as a technical training.

SIGNAL CORPS—Whether its laying a wire from a reel-cart at a gallop or installing a wireless station that will flash its message half around the world, the Signal Corps is there and a man who learns radio telegraph and telephone work in the Signal Corps is always valuable.

MEDICAL DEPARTMENT-Good experience, good pay and training in all branches of hospital work and in the Dental Corps. Excellent opportunity for future success. The Veterinary Corps teaches the care of horses as well as meat and milk inspection.

TANK CORPS The man who knows gas motors and tractors or who wants to know them is invited to join the Tanks. Radio, machine gun and ordnance work are all part of the Tank Corps work.

QUARTERMASTER CORPS-The corps that feeds and clothes the Army offers a valuable training for future business. Interesting work for the man who likes horses in the Remount Service.

CONSTRUCTION DIVISION-Practical work in the many trades is part of the every day life of the Construction Division. Many opportunities to learn the trades of highly paid specialists.

CHEMICAL WARFARE SERVICE-For a man with a little knowledge of chemistry or for any ambitious young man who would like to get that knowledge, there is interesting work and rapid advancement in the C. W. S.

MOTOR TRANSPORT CORPS-A thorough practical training in motors and their accessories, and in driving as well, is given in the well-equipped schools of the Motor Transport Corps.
